CUPCAKE MOSAICS

Because we're bite-size, we can create virtually any design or logo out of cupcakes!
Cupcake mosaics are extremely popular for events, and are sure to be the star of any dessert table.
As a general rule of thumb, it takes about 100 cupcakes to properly recreate a single character
(i.e. letters, numbers, symbols).

HOW IT WORKS:

1. IMAGE SUBMISSION & ESTIMATE

Send us the image or graphic you'd like to recreate in cupcakes (simple designs with strong color contrasts work best!). Our design team will provide an estimate as to how many cupcakes are needed to make your mosaic and give you a quote.

2. MOCK-UP

Once you give us the green light, our design team will mock-up your mosaic in it's entirety. Please note, at this phase we charge a small design fee which includes up to two modifications.

3. BUILD

When you're happy with the design, we start baking and send it off to your provided destination!

*Cupcake Mosaics require a 3-4 week lead time.

BEHIND THE BAKING

Melissa Ben-Ishay started Baked by Melissa out of her bite-size apartment in NYC in 2009. Thirteen magical years later, she still creates every flavor on the menu.

Every bite-size cupcake and macaron we make is stuffed, iced, and topped entirely by hand. We choose only the most delicious ingredients like Hershey®'s Fudge, Oreo® cookies and so much more.

We've got tons of unique flavors, and they change all the time! All of our cupcake assortments are designed to give you the best and most delicious variety of flavors.
