MELISSA

Melissa Ben-Ishay is the President, Chief Product Officer and creative force behind Baked by Melissa. When Melissa was fired from her job in advertising in 2008, she decided to do what she loved and offer consumers the ultimate dessert experience. With the idea that people should be able to taste more flavors without a post-dessert guilt trip, Melissa personally develops all of Baked by Melissa's unique, bite-size creations and product offerings. Baked by Melissa operates 14 locations and ships nationwide.

Many people ask us, "How do you get so much flavor into one bite?" Here's the answer: we handcraft every bite with love! Every cupcake and macaron we bake is hand-iced, hand-stuffed, and hand-topped with care, using only the most delicious ingredients.

CUPCAKE MOSAICS

Because we're bite-size, we can create virtually any design or logo out of cupcakes! Cupcake mosaics are extremely popular for events, and are sure to be the star of any dessert table. As a general rule of thumb, it takes about 100 cupcakes to properly recreate a single character (i.e. letters, numbers, symbols).

HOW IT WORKS:

1. IMAGE SUBMISSION & ESTIMATE

Send us the image or graphic you'd like to recreate in cupcakes (simple designs with strong color contrasts work best!). Our design team will provide an estimate as to how many cupcakes are needed to make your mosaic and give you a quote.

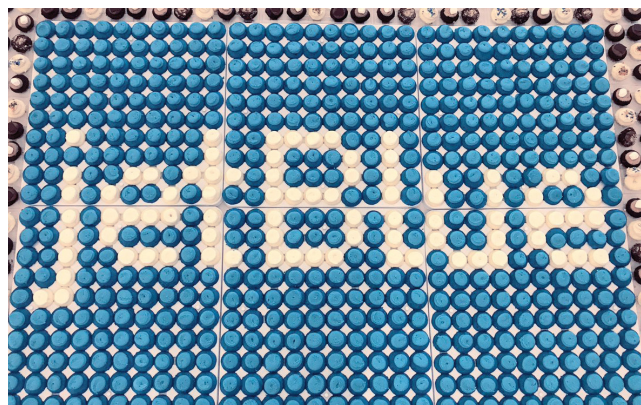

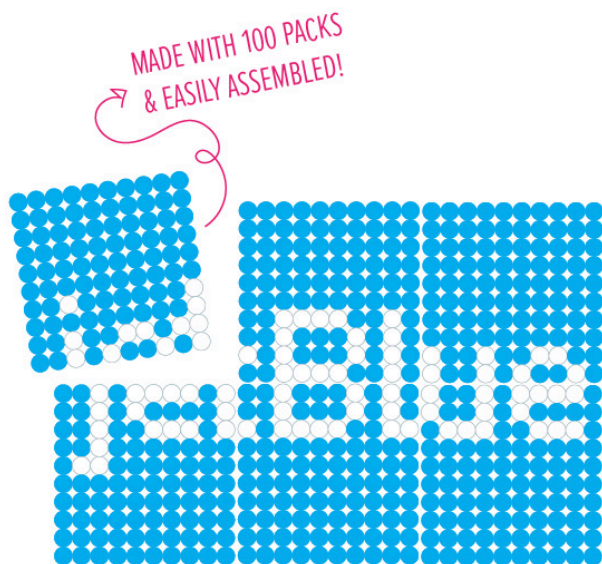

2. MOCK-UP

Once you give us the green light, our design team will mock-up your mosaic in it's entirety. Please note, at this phase we charge a small design fee which includes up to two modifications.

3. BUILD

When you're happy with the design, we start baking and send it off to your provided destination!

*Cupcake Mosaics require a 3-4 week lead time.
